

# ECH350RR-XXP

PCB Terminal Blocks > PCB Connector-Socket

Date:2025-08-16Version:V1

The web catalog is for reference only. Dinkle remains the right of product modification and engineering change of the design.

The final product is made according to engineering drawing.

### **Product Description**

Pitch: 3.50 mm, 300V, 8A

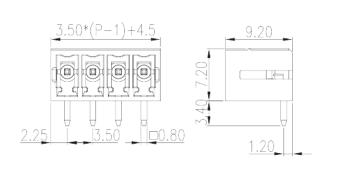

#### General information

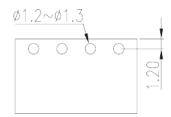

| Short description                      | PCB Connector – Socket, Wave soldering |
|--|--|
| Category                               | PCB Connector – Socket                 |
| Pitch (mm)                             | 3.50                                   |
| Color                                  | Green (default)                        |
| Type of locking                        | Without                                |
| Soldering method                       | Wave soldering                         |
| Length (mm)                            | 3.50*(P-1)+4.5                         |
| Width (mm)                             | 9.2                                    |
| Height (mm)                            | 7.2                                    |
| Pin demensions (Thickness x Width)(mm) | 0.8x0.8                                |
| PCB hole diameter (mm)                 | 1.2~1.3                                |
| Number of positions                    | 02P~24P                                |
| Level                                  | Single level                           |

#### Material information

| Insulation material | PA |
|---------------------|----|

| Insulation material group                             | Ι                 |
|---|-------------------|
| Flame retardant rating , compliant with UL94          | VO                |
| Insulation resistance                                 | □500MΩ at DC 500V |
| Conductor material                                    | COPPER ALLOY      |
| Plating of conductor surface                          | Tin PLATED        |
| Connection data-IEC                                   |                   |
| Rated voltage (V)                                     | 320               |
| Rated current (A)                                     | 14                |
| Rated voltage (II/2)(V)                               | 320               |
| Rated voltage (III/2) (V)                             | 160               |
| Rated voltage (III/3)(V)                              | 160               |
| Rated impulse voltage (II/2)(KV)                      | 2.5               |
| Rated impulse voltage (III/2)(KV)                     | 2.5               |
| Rated impulse voltage (III/3)(KV)                     | 2.5               |
| Connection data-UL  Rated voltage (UL/CUL Group B)(V) | 300               |
| Rated current (UL/CUL Group B)(A)                     | 8                 |
| Rated voltage (UL/CUL Group D)(V)                     | 300               |
| Rated current (UL/CUL Group D)(A)                     | 8                 |
| Environment & Safety                                  |                   |
| Finger protection (YES or NO)                         | YES               |
| Operating temperature. max (°C)                       | 120               |
| Operating temperature. min (°C)                       | -40               |
| VDE Approval  |                   |
| Rated voltage (V)                                     | 320               |
| Rated current (A)                                     | 14                |
|   |                   |
| Drawings  |                   |
